

ZOË MË WITH “VOYAGE”

Zoë Më from Fribourg (FR) will represent Switzerland at the Eurovision Song Contest (ESC) 2025. For the Basel-born singer, this marks the beginning of an extraordinary journey: „Representing Switzerland at the ESC while we are hosting the contest is a huge honor and a surreal experience.“ The singer-songwriter is looking forward to her time in Basel: „I’m from Basel, and my grandparents live here. This is a full-circle moment, just like something out of a fairytale.“

BUILDING BRIDGES BETWEEN CULTURES AND LANGUAGES

At 1.80 meters tall, Zoë Më describes herself as a „little fairy“ with a deep connection to two cultures. She sings in both German and French, blending poetic pop with chanson. Born in Basel, she lived in Germany before moving with her family to Fribourg (FR) in 2009. She began writing her own songs at the age of ten, and her love for the French language shaped her musicality, which she nurtured through school, friendships, and personal passion.

Her ability to bridge cultures through music has earned her widespread recognition. In 2024, she was awarded the titles „SRF 3 Best Talent“ and „RTS Artiste Radar.“ Her bilingual EP *Dorienne Gris* led to performances at prestigious festivals, including the Montreux Jazz Festival and Luzern Live.

„VOYAGE“ – A JOURNEY TOWARD GREATER HUMANITY

Zoë Më will represent Switzerland at the ESC with „Voyage“, a poetic pop ballad. „Voyage“ invites us to view life with more humanity, openness, and compassion. Zoë Më, whose name means „life“ in Greek and „eye“ in Japanese, combines delicate melodies with honest lyrics to create an intimate, timeless atmosphere.

The song feels like a warm embrace, extending a hand and encouraging us to respond to hate with love, embrace tenderness, and recognize the beauty in the moment. „Voyage“ is a reminder that people become the best version of themselves when treated with compassion and care. In her song, Zoë Më uses the metaphor that flowers flourish when nurtured rather than cut.

„Voyage“ is more than just a song – it is a journey. A tender yet powerful exploration of humanity, self-love, and connection, the pop chanson celebrates the fragility of life and transforms it into strength. With its message of hope and warmth, „Voyage“ gently reminds us that humanity has the power to make the world a better place.

VOYAGE

*Mes yeux candides découvrent le monde
d'une façon naïve à faire confondre
les démons de la nuit.*

Mmh, mmh.

*Tu me balances des mots qui m'étoffent
quoi qu'il advienne je me couche
près de toi ce soir.*

Mmh, mmh.

*Tu comprendras un jour
que les fleurs sont plus belles
quand tu les arroses
Tu m'as coupé tellement de...*

*...fois
Si tu veux je pars
avec toi pour faire un voyage
Faire un voyage, voyage
Faire un voyage avec toi*

*Laisse-moi t'aimer même si tu m'aimes pas
Je vais me noyer dans tes larmes
Je vais partager ton vague à l'âme
Tu me bouffes avec ton regard
Quoi qu'il advienne je ne cesserai jamais
de chanter pour toi*

*Tu comprendras un jour
que les fleurs sont plus belles
quand tu les arroses
Tu m'as coupé tellement de...*

*...fois
Si tu veux je pars
avec toi pour faire un voyage
Faire un voyage, voyage
Faire un voyage avec toi*

*Faire un, faire un voyage
Faire un, faire un voyage
Faire un, faire un voyage
avec moi*

*Faire un, faire un voyage
Faire un, faire un voyage
Faire un, faire un voyage
avec moi, avec...*

*...moi
Si tu veux je pars
avec toi pour faire un voyage
Faire un voyage, voyage
Faire un voyage avec toi*
